GOTHAM FUNDS

Notes to Financial Statements March 31, 2025 (Unaudited)

1. Organization and Significant Accounting Policies

The Gotham Absolute Return Fund, the Gotham Enhanced Return Fund, the Gotham Neutral Fund, the Gotham Index Plus Fund, the Gotham Large Value Fund, the Gotham Enhanced S&P 500 Index Fund, the Gotham Hedged Core Fund, the Gotham Defensive Long 500 Fund, the Gotham Total Return Fund and the Gotham Enhanced 500 Plus Fund (each a “Fund” and together, the “Funds”) are each a diversified, open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The Funds are each a separate series of FundVantage Trust (the “Trust”) which was organized as a Delaware statutory trust on August 28, 2006. The Trust is a “series trust” authorized to issue an unlimited number of separate series or classes of shares of beneficial interest. Each series is treated as a separate entity for certain matters under the 1940 Act, and for other purposes, and a shareholder of one series is not deemed to be a shareholder of any other series. Each of the Funds, except for the Gotham Index Plus Fund, offers one class of shares, Institutional Class Shares. The Gotham Index Plus Fund offers two classes of shares, Institutional Class Shares and Investor Class Shares. The Funds’ commencement of operations are as follows:

Gotham Absolute Return Fund (“Absolute Return”)	August 31, 2012
Gotham Enhanced Return Fund (“Enhanced Return”)	May 31, 2013
Gotham Neutral Fund (“Neutral”)	August 30, 2013
Gotham Index Plus Fund (“Index Plus”)	March 31, 2015
Gotham Large Value Fund (“Large Value”)	December 31, 2015
Gotham Enhanced S&P 500 Index Fund (“Enhanced S&P 500 Index”)	December 30, 2016
Gotham Hedged Core Fund (“Hedged Core”)	September 30, 2016
Gotham Defensive Long 500 Fund (“Defensive Long 500”)	September 30, 2016
Gotham Total Return Fund (“Total Return”)	
(operates as a “Fund of Funds”)	March 31, 2015
Gotham Enhanced 500 Plus Fund (“Enhanced 500 Plus”)	September 30, 2016

All the Funds, except for Large Value, Enhanced S&P 500 Index and Total Return, seek to achieve their investment objectives by primarily investing in long and short positions of U.S. equity securities. Equity securities include common and preferred stocks. Large Value seeks to achieve its investment objective by primarily investing in long positions of U.S. large capitalization equity securities with market capitalization similar to companies in the S&P 500[®] Index or Russell 1000[®] Index, but may invest in other large capitalization companies. Enhanced S&P 500 Index seeks to achieve its investment objective by generally investing at least 80% of its assets in U.S. equity securities listed in the S&P 500[®] Index. Total Return seeks to achieve its investment objective by primarily investing in other investment companies advised or sub-advised by Gotham.

The Funds are investment companies and follow accounting and reporting guidance in the Financial Accounting Standards Board *Accounting Standards Codification* Topic 946.

Portfolio Valuation — Each Fund’s net asset value (“NAV”) is calculated once daily at the close of regular trading hours on the New York Stock Exchange (“NYSE”) (typically 4:00 p.m. Eastern time) on each business day the NYSE is open. Each Fund’s equity securities, including exchange-traded funds, listed on any national or foreign exchange market system will be valued at the last sale price. Equity securities traded in the over-the-counter (“OTC”) market are valued at their closing sale or official closing price. If there were no transactions on that day, securities traded principally on an exchange will be valued at the mean of the last bid and ask prices prior to the market close. Securities that do not have a readily available current market value are valued in good faith by Gotham Asset Management, LLC (“Gotham” or “the Adviser”) as “valuation designee” under the oversight of the Trust’s Board of Trustees. Relying on prices supplied by pricing services or dealers or using fair valuation may result in values that are higher or lower than the values used by other investment companies and investors to price the same investments. The Adviser has adopted written policies and procedures for valuing securities and other assets in circumstances where market quotes are not readily available. In the event that market quotes are not readily available, and the security or asset cannot be valued pursuant to one of the valuation methods, the value of the security or asset will be determined in good faith by the Adviser pursuant to its policies and procedures. On a quarterly basis, the Adviser’s fair valuation determinations will be reviewed by the Trust’s Board of Trustees. Prices for equity securities normally are supplied by an independent pricing service approved by the Board of Trustees (the “Board”). Any assets held by a Fund that are denominated in foreign currencies are valued daily in U.S. dollars at the foreign currency exchange rates that are prevailing at the time that a Fund determines the daily NAV per share. Foreign securities may trade on weekends or other days when a Fund does not calculate NAV. As a result, the market value of these investments may change on days when you cannot buy or sell shares of a Fund. Certain Funds invest in securities of other investment companies, which are valued at their respective NAVs as determined by those investment

Notes to Financial Statements (Continued) March 31, 2025 (Unaudited)

companies each business day. OTC investments (including swap agreements) are generally valued by approved pricing services that use evaluated prices from various observable market factors.

Fair Value Measurements — The inputs and valuation techniques used to measure fair value of the Funds' investments are summarized into three levels as described in the hierarchy below:

- Level 1 — quoted prices in active markets for identical securities;
- Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 — significant unobservable inputs (including the Funds' own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Transfers in and out are recognized at the value at the end of the period.

All financial instruments listed in the Portfolio of Investments are considered Level 1, measured at fair value on a recurring basis based on quoted prices for identical assets in active markets. Total return swaps with an end of period unrealized appreciation of \$63,262,749, \$32,279,781, \$10,746,681, \$189,262,093 and \$3,788,878 were held by Absolute Return, Enhanced Return, Neutral, Index Plus and Defensive Long 500, respectively. These securities are considered Level 2 as of and for the six months ended March 31, 2025.

At the end of each quarter, management evaluates the classification of Levels 1, 2 and 3 assets and liabilities. Various factors are considered, such as changes in liquidity from the prior reporting period; whether or not a broker is willing to execute at the quoted price; the depth and consistency of prices from third-party pricing services; and the existence of contemporaneous, observable trades in the market. Additionally, management evaluates the classification of Level 1 and Level 2 assets and liabilities on a quarterly basis for changes in listings or delistings on national exchanges.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of a Funds' investments may fluctuate from period to period. Additionally, the fair value of investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values the Funds may ultimately realize. Further, such investments may be subject to legal and other restrictions on resale or otherwise less liquid than publicly traded securities.

For fair valuations using significant unobservable inputs, U.S. generally accepted accounting principles ("U.S. GAAP") require the Funds to present a reconciliation of the beginning to ending balances for reported market values that present changes attributable to total realized and unrealized gains or losses, purchase and sales, and transfers in and out of Level 3 during the period. A reconciliation of Level 3 investments is presented only when the Funds had an amount of Level 3 investments at the end of the reporting period that was meaningful in relation to net assets. The amounts and reasons for all transfers in and out of Level 3 are disclosed when the Funds had an amount of transfers during the reporting period that was meaningful in relation to net assets as of the end of the reporting period.

For the six months ended March 31, 2025, there were no transfers in or out of Level 3.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates and those differences could be material.

Cash and Cash Equivalents — Cash and cash equivalents include cash and overnight investments in interest-bearing demand deposits with a financial institution with original maturities of three months or less. Each Fund maintains deposits with a high quality financial institution in an amount that is in excess of federally insured limits.

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2025 (Unaudited)

Due to/from Brokers — Due to/from brokers represents cash balances on deposit with, or cash balances owed to, the Funds' prime brokers and counterparties. The Funds are subject to credit risk should the prime brokers and counterparties be unable to meet their obligations to the Funds.

Investment Transactions, Investment Income and Expenses — Investment transactions are recorded on trade date for financial statement preparation purposes. Realized gains and losses on investments sold are recorded on the identified cost basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Distribution (12b-1) fees and shareholder services fees relating to a specific class are charged directly to that class. The Fund records as dividend income the amount characterized as ordinary income and records as realized gain the amount characterized by a REIT as long-term capital gain in the Statements of Operations. The amount characterized as return of capital is a reduction to the cost of investments in the Statements of Assets and Liabilities if the security is still held; otherwise it is recorded as an adjustment to realized gain/(loss) from investment transactions in the Statements of Operations. These characterizations are reflected in the accompanying financial statements. General expenses of the Trust are generally allocated to each Fund under methodologies approved by the Board of Trustees. Expenses directly attributable to a particular Fund in the Trust are charged directly to that Fund.

Dividends and Distributions to Shareholders — Dividends from net investment income and distributions from net realized capital gains, if any, are declared, recorded on ex-date and paid at least annually to shareholders. Income dividends and capital gain distributions are determined in accordance with U.S. federal income tax regulations, which may differ from U.S. GAAP. These differences include the treatment of non-taxable dividends, capitalized dividends on short sales, losses deferred due to wash sales and excise tax regulations. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications within the components of net assets.

U.S. Tax Status — No provision is made for U.S. income taxes as it is each Fund's intention to continue to qualify for and elect the tax treatment applicable to regulated investment companies under Subchapter M of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and make the requisite distributions to such Fund's shareholders, which will be sufficient to relieve it from U.S. income and excise taxes.

Other — In the normal course of business, the Funds may enter into contracts that provide general indemnifications. The Funds' maximum exposure under these arrangements is dependent on claims that may be made against the Funds in the future, and therefore, cannot be estimated; however, based on experience, the risk of material loss for such claims is considered remote.

Recent Accounting Pronouncement — The Funds adopted Financial Accounting Standards Board Update 2023-07, Segment Reporting (Topic 280) – Improvements to Reportable Segment Disclosures during the year. The Funds' adoption of the new standard impacted financial statement disclosures only and did not affect the Funds' financial position or results of operations. The Funds operate as a single reporting entity, meaning all its business activities are considered one business segment for financial reporting purposes.

The Chief Operating Decision Maker ("CODM") is the Adviser and the PEO and PFO of the Funds. The CODM has concluded that the Funds operate as a single operating segment since the Funds have a single investment strategy as disclosed in its prospectus, against which the CODM assesses performance. The financial information provided to and reviewed by the CODM is presented within the Funds' financial statements.

Short Sales — All Funds except for Large Value and Enhanced S&P 500 Index may sell securities short. Total Return indirectly invests in short sales through its underlying securities. A short sale involves the sale by a Fund of a security that it does not own with the anticipation of purchasing the same security at a later date at a lower price. If the price of the security has increased during this time, then the Fund will incur a loss equal to the increase in price from the time that the short sale was entered into plus any premiums and interest paid to the third party. Therefore, short sales involve the risk that losses may be exaggerated, potentially losing more money than the actual cost of the investment. Also, there is the risk that the third party to the short sale may fail to honor its contract terms, causing a loss to the Fund. There can be no assurance that a Fund will be able to close out a short position at any particular time or at an acceptable price. Although a Fund's gain is limited to the amount at which it sold a security short, its potential loss is unlimited. The Funds will comply with guidelines established by the Securities and Exchange Commission ("SEC") and other applicable regulatory bodies with respect to coverage of short sales.

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2025 (Unaudited)

As of March 31, 2025, the following Funds had securities sold short, securities pledged as collateral and deposits with brokers for securities sold short:

	<u>Value of Securities Sold Short</u>	<u>Securities Pledged as Collateral</u>	<u>Deposits with Brokers for Securities Sold Short</u>
Hedged Core	\$2,048,684	\$3,810,908	\$14,045
Enhanced 500 Plus	1,870,377	3,434,225	39,275

In accordance with the terms of its prime brokerage agreements, the Funds may receive rebate income or be charged fees on securities sold short. Such income or fee is calculated on a daily basis based upon the market value of securities sold short and a variable rate that is dependent upon the availability of such security. These amounts are included in dividends and fees on securities sold short on the Statements of Operations. In those instances where rebate income is in excess of dividends on securities sold short and finance charges, the net amount is shown in the Investment Income section on the Statements of Operations. On the ex-dividend date, dividends on short sales are recorded as an expense to the Fund. The following Funds had net charges as shown in the table below for the six months ended March 31, 2025:

	<u>Dividends on Securities Sold Short</u>	<u>Rebate (Income)/Fees</u>
Hedged Core	\$15,143	\$(49,636)
Enhanced 500 Plus	14,163	(41,294)

The following Funds utilized short sales proceeds and incurred financing charges to finance purchases of long securities in order to accomplish the Funds' respective investment objectives. A financing fee is charged to the Funds based on the Federal Funds rate plus an agreed upon spread. These fees are included in dividends and fees on securities sold short on the Statements of Operations and are as follows for the six months ended March 31, 2025:

	<u>Short Sales (Deposits) Proceeds</u>	<u>Financing Charges</u>
Hedged Core	\$2,001,499	\$59,353
Enhanced 500 Plus	1,830,618	45,923

Swap Agreements — A swap agreement is a bilateral financial instrument that involves the exchange of cash flows between two parties on specified dates (settlement dates), where the cash flows are based on valuation changes to market referenced securities. The nominal amount on which the cash flows are calculated is called the notional amount.

Swap agreements may increase or decrease the overall volatility of the investments of a Fund and its share price. The performance of swap agreements will be affected by a change in the market value of the referenced underlying securities that determine the amounts of payments due to and from a Fund. If a swap agreement calls for payments by a Fund, the Fund must be prepared to make such payments when due. In addition, if the counterparty's creditworthiness declined, the value of a swap agreement would be likely to decline, potentially resulting in losses.

Generally, swap agreements have a fixed maturity date that will be agreed upon by the parties. The agreement can be terminated before the maturity date, in whole or part, under certain circumstances, such as default by one of the parties or insolvency, among others, and can be transferred by a party only with the prior written consent of the other party. A Fund may be able to eliminate its exposure under a swap agreement either by assignment or by other disposition, or by entering into an offsetting swap agreement with the same party or a similarly creditworthy party. If the counterparty is unable to meet its obligations under the contract, declares bankruptcy, defaults or becomes insolvent, a Fund may not be able to recover the money it expected to receive under the swap agreement. A Fund will not enter into any swap agreement unless the Adviser believes that the counterparty to the transaction is creditworthy.

A swap agreement can be a form of leverage, which can magnify a Fund's gains or losses. In order to reduce the risk associated with leveraging, a Fund may cover its current obligations under swap agreements according to guidelines established by the SEC. If a Fund enters into a swap agreement on a net basis, it will segregate assets with a daily value at least equal to the excess, if any, of a

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2025 (Unaudited)

Fund's accrued obligations under the swap agreement over the accrued amount a Fund is entitled to receive under the agreement. If a Fund enters into a swap agreement on other than a net basis, it will segregate assets with a value equal to the full amount of a Fund's accrued obligations under the swap agreement.

Total Return Swaps: Total return swaps are contracts in which both parties agree to make payments of the total return from a reference instrument during a specified period. The total return includes appreciation or depreciation on the underlying asset, plus any interest or dividend accruals or payments. The unrealized appreciation or depreciation also includes interest charges and credits ("financing fees") related to the notional values of the long and short positions and cash balances within the swap. These interest charges and credits are based on a specified benchmark rate, such as the U.S. effective federal funds rate ("EFFR"). Payments under the swap are based upon an agreed upon principal amount but, since the principal amount is not exchanged, it represents neither an asset nor a liability to either counterparty, and is referred to as notional. Total return swaps are marked to market daily using different sources, including quotations from counterparties, pricing services, brokers or market makers. The unrealized appreciation or depreciation related to the change in the valuation of the notional amount of the swap is combined with the amount due to or from the Fund at termination or settlement. The primary risks associated with total return swaps are credit risks (if the counterparty fails to meet its obligations) and market risk (if there is no liquid market for the swap or unfavorable changes occur to the underlying reference instrument). As of and for the six months ended March 31, 2025, only Absolute Return, Enhanced Return, Neutral, Index Plus and Defensive Long 500 held total return swaps.

For the six months ended March 31, 2025, the quarterly average notional value of the total return swaps for each Fund was as follows:

	Notional Amount
Absolute Return	\$(178,267,684)
Enhanced Return	21,439,404
Neutral	(67,674,428)
Index Plus	(50,990,790)
Defensive Long 500	1,185,123

Counterparty Risk — During the six months ended March 31, 2025, Absolute Return, Enhanced Return, Neutral, Index Plus and Defensive Long 500 were subject to counterparty risk. Certain of the derivatives entered into by the Funds may not be traded on an exchange but instead will be privately negotiated in the over-the-counter market. This means that these instruments are traded between counterparties based on contractual relationships. Relying on a counterparty exposes the Funds to the risk that a counterparty will not settle a transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not bona fide) or because of a credit or liquidity problem, thus causing the Funds to suffer a loss. If a counterparty defaults on its payment obligations to the Funds, this default will cause the value of an investment in the Funds to decrease. In addition, to the extent the Funds deal with a limited number of counterparties, it will be more susceptible to the credit risks associated with those counterparties. The Funds are neither restricted from dealing with any particular counterparty nor from concentrating any or all of its transactions with one counterparty. The ability of the Funds to transact business with any one or number of counterparties and the absence of a regulated market to facilitate settlement may increase the potential for losses by the Funds.

The Funds are subject to the risk that issuers of the instruments in which it invests and trades may default on their obligations, and that certain events may occur that have an immediate and significant adverse effect on the value of those instruments. There can be no assurance that an issuer will not default, or that an event that has an immediate and significant adverse effect on the value of an instrument will not occur, and that the Funds will not sustain a loss on a transaction as a result.

For both Hedged Core and Enhanced 500 Plus, the Funds may use prime brokers with respect to its shorting strategy, which involves counterparty risk, including the risk that a prime broker may default on its obligation or become insolvent and that the Funds may lose its collateral deposit or short sale proceeds.

Liquidity Risk — During the six months ended March 31, 2025, Absolute Return, Enhanced Return, Neutral, Index Plus and Defensive Long 500 were subject to liquidity risk. The Funds may be subject to liquidity risk primarily due to investments in derivatives. The Funds may invest up to 15% of its net assets in illiquid securities or instruments. Certain derivatives, such as swaps, forward contracts and options may not be readily marketable and, therefore, may be deemed to be illiquid. An asset is not readily marketable if it cannot be sold within seven business days in the ordinary course of business for approximately the amount at which it is valued. Investments in illiquid assets involve the risk that the Funds may be unable to sell the asset or sell it at a reasonable price. In addition,

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2025 (Unaudited)

the Funds may be required to liquidate positions or close out derivatives on unfavorable terms at a time contrary to the interests of the Funds in order to raise cash to pay redemptions.

An investment in derivatives is also subject to the risk that the Funds may not be able to terminate the derivatives effective on whatever date it chooses, or that the settlement of any early termination may depend on subsequent market movements. As a result, the Funds may be exposed to the risk of additional losses due to such delays.

Master Netting Agreement — During the six months ended March 31, 2025, Absolute Return, Enhanced Return, Neutral, Index Plus and Defensive Long 500 were subject to a Master Netting agreement. In order to define their contractual rights and to secure rights that will help mitigate their counterparty risk, the Funds have entered into an International Swaps and Derivatives Association, Inc. Master Agreement (“ISDA Master Agreement”). An ISDA Master Agreement is a bilateral agreement between the Funds and the counterparty that governs certain OTC derivatives and typically contains, among other things, collateral posting terms and netting provisions in the event of a default and/or termination event. Under an ISDA Master Agreement, the Funds may, under certain circumstances, offset with the counterparty certain derivative financial instruments’ payables and/or receivables with collateral held and/or posted and create one single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of default including the bankruptcy or insolvency of the counterparty. Bankruptcy or insolvency laws of a particular jurisdiction may restrict or prohibit the right of offset in bankruptcy, insolvency or other events. In addition, certain ISDA Master Agreements allow counterparties to terminate derivative contracts prior to maturity in the event the Funds’ net assets decline by a stated percentage or the Funds fails to meet the terms of its ISDA Master Agreements. The result would cause the Funds to accelerate payment of any net liability owed to the counterparty.

Collateral Requirements — During the six months ended March 31, 2025, Absolute Return, Enhanced Return, Neutral, Index Plus and Defensive Long 500 were subject to collateral requirements. For derivatives traded under an ISDA Master Agreement, the collateral requirements are typically calculated by netting the mark-to-market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by the Funds and the counterparty. Cash collateral that has been pledged to cover obligations of the Funds and cash collateral received from the counterparty, if any, is reported separately on the Statements of Assets and Liabilities as cash pledged as collateral and cash received as collateral, respectively. Non-cash collateral pledged by the Funds, if any, is noted in the Portfolio of Investments. Generally, the amount of collateral due from or to a counterparty is subject to a certain minimum transfer amount threshold before a transfer is required, which is determined at the close of business of the Funds. Any additional required collateral is delivered to/pledged by the Funds on the next business day. Typically, the counterparty is not permitted to sell, re-pledge or use cash and non-cash collateral it receives. The Funds generally agree not to use non-cash collateral that they receive but may, absent default or certain other circumstances defined in the underlying ISDA Master Agreement, be permitted to use cash collateral received. In such cases, interest may be paid pursuant to the collateral arrangement with the counterparty. See interest expense on the Statements of Operations for related interest on collateral. To the extent amounts due to the Funds from their counterparties are not fully collateralized, they bear the risk of loss from counterparty non-performance. Likewise, to the extent the Funds have delivered collateral to a counterparty and stands ready to perform under the terms of its agreement with such counterparty, they bear the risk of loss from a counterparty in the amount of the value of the collateral in the event the counterparty fails to return such collateral. Based on the terms of agreements, collateral may not be required for all derivative contracts. For financial reporting purposes, the Funds do not offset derivative assets and derivative liabilities that are subject to netting arrangements, if any, in the Statements of Assets and Liabilities.

2. Transactions with Related Parties and Other Service Providers

Gotham Asset Management, LLC (“Gotham” or the “Adviser”) serves as investment adviser to the Funds pursuant to an investment advisory agreement with the Trust (the “Advisory Agreement”). For its services as the investment adviser, each Fund pays the Adviser a fee, which is computed and accrued daily and paid monthly, at an annual rate based on average daily net assets of each Fund as shown in the table below:

Absolute Return ⁽¹⁾	1.50%
Enhanced Return ⁽¹⁾	1.50%
Neutral	1.50%
Index Plus ⁽¹⁾	1.00%
Large Value	0.75%
Enhanced S&P 500 Index ⁽²⁾	0.50%
Hedged Core ⁽²⁾	0.70%
Defensive Long 500	1.35%
Total Return ⁽³⁾	—
Enhanced 500 Plus	1.00%

⁽¹⁾ Gotham has contractually agreed to reduce the Fund’s annual investment advisory fee by the dollar amount of “total annual fund operating expenses after fee waivers” attributable to any Fund assets invested in other investment companies advised or sub-advised by Gotham (each an “underlying fund” and collectively, the “underlying funds”), and the amount of such reduction is calculated based on the Fund’s average daily assets invested in an underlying fund and the “total annual fund operating expenses after fee waivers” disclosed in such underlying fund’s “Annual Fund Operating Expenses” table in the summary section of an underlying fund’s currently effective prospectus. The effect of the reduction is intended to provide that Gotham’s aggregate direct and indirect compensation from the Fund and any underlying fund, respectively, does not exceed the annual investment advisory fee paid by the Fund, as shown in the table.

⁽²⁾ Enhanced S&P 500 Index and Hedged Core, respectively, entered into a Support, Service and Fee Assumption Agreement (“Agreement”) with Gotham, whereby Gotham will assume and undertake to pay substantially all Fund expenses, except investment advisory fees. Under the Agreement, Gotham is entitled to a fee, computed daily and payable monthly, equal to the lesser of (i) the annualized rate of 0.15% of the Fund’s average daily net assets, or (ii) the actual amount of Gotham’s payment obligation under the Agreement.

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2025 (Unaudited)

⁽³⁾ For Total Return (the “Fund”), Gotham is not entitled to receive an investment advisory fee on assets invested in investment companies advised or sub-advised by Gotham (each an “underlying fund” and collectively, the “underlying funds”), but is entitled to receive an investment advisory fee of 1.00% of the Fund’s average net assets invested in investments other than an underlying fund. Gotham does not receive an investment advisory fee from the Fund on assets invested in an underlying fund, but does receive an investment advisory fee from each underlying fund as investment adviser to such funds. The Fund does not currently expect to invest in assets other than underlying funds; however, to the extent it does, the Fund will pay an investment advisory fee on such assets.

For all Funds, except for Absolute Return, Enhanced Return, Index Plus and Enhanced S&P 500 Index, the Adviser contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of each Fund to the extent necessary to ensure that the Fund’s total operating expenses (exclusive of taxes, “Acquired Fund Fees and Expenses,” dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions) do not exceed the percentages set forth in the table below (on an annual basis) of each Fund’s average daily net assets (the “Expense Limitation”). For Absolute Return, Enhanced Return, Index Plus and Enhanced S&P 500 Index, the Adviser contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of each Fund to the extent necessary to ensure that the Fund’s “Other Expenses” (exclusive of taxes, dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions) do not exceed the percentages set forth in the table below (on an annual basis) of each Fund’s average daily net assets (the “Other Expense Limitation”). Both the Expense Limitation and the Other Expense Limitation will remain in place until the termination date set forth below, unless the Board approves its earlier termination. The table below reflects the Expense Limitation and Other Expense Limitation amounts, respectively, as a percentage of average daily net assets, in effect during the six months ended March 31, 2025.

For all Funds, except for Absolute Return, Enhanced Return, Neutral, Large Value, Enhanced S&P 500 Index and Defensive Long 500, the Adviser is entitled to recover, subject to approval by the Board, such amounts reduced or reimbursed for a period of up to three (3) years from the date on which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual fund operating expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless a Fund's expenses are below the Expense Limitation amount. As of March 31, 2025, the amounts of potential reimbursement from the Funds to the Adviser are as follows:

Other Service Providers

The Bank of New York Mellon ("BNY") serves as administrator and custodian for the Funds. For providing administrative and accounting services, BNY is entitled to receive a monthly fee equal to an annual percentage rate of the Funds' average daily net assets and is subject to certain minimum monthly fees. For providing certain custodial services, BNY is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

BNY Mellon Investment Servicing (US) Inc. (the "Transfer Agent") provides transfer agent services to the Funds. The Transfer Agent is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

The Trust, on behalf of the Funds, has entered into agreements with financial intermediaries to provide recordkeeping, processing, shareholder communications and other services to customers of the intermediaries investing in the Funds and has agreed to compensate the intermediaries for providing those services. The fees incurred by the Funds for these services are included in Transfer agent fees in the Statements of Operations.

Pershing LLC provides prime brokerage services to the Funds under an Agreement for Prime Brokerage Services. Pershing LLC is a wholly owned subsidiary of The Bank of New York Mellon Corporation.

Foreside Funds Distributors LLC (the "Underwriter") provides principal underwriting services to the Funds pursuant to an underwriting agreement between the Trust and the Underwriter.

The Trust and the Underwriter are parties to an underwriting agreement. The Trust has adopted a distribution plan for Investor Class shares of Index Plus, in accordance with Rule 12b-1 under the 1940 Act. Pursuant to the Investor Class shares plan, Index Plus compensates the Underwriter for direct and indirect costs and expenses incurred in connection with advertising, marketing and other distribution services in an amount not to exceed 0.25%, on an annualized basis of the average daily net assets of Index Plus's Investor Class shares.

Trustees and Officers

The Trust is governed by its Board of Trustees. The Trustees receive compensation in the form of an annual retainer and per meeting fees for their services to the Trust. An employee of BNY serves as the Secretary of the Trust and is not compensated by the Funds or the Trust.

JW Fund Management LLC ("JWFM") provides a Principal Executive Officer and Principal Financial Officer, to the Trust. Chenery Compliance Group, LLC ("Chenery") provides the Trust with a Chief Compliance Officer and an Anti-Money Laundering Officer. JWFM and Chenery are compensated for their services provided to the Trust.

5. Federal Tax Information

The Funds have followed the authoritative guidance on accounting for and disclosure of uncertainty in tax positions, which requires the Funds to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as tax benefit or expense in the current year. Each Fund has determined that there was no effect on the financial statements from following this authoritative guidance. In the normal course of business, the Funds are subject to examination by federal, state and local jurisdictions, where applicable, for tax years for which applicable statutes of limitations have not expired.

The tax character of distributions paid by the Funds during the year ended September 30, 2024, were as follows:

	Ordinary Income Dividend	Long-Term Capital Gain Dividend	Return of Capital
Absolute Return	\$ —	\$31,350,533	\$—
Enhanced Return	—	17,945,586	—
Index Plus	—	22,893,420	—

Total Return	279,950	1,168,551	—
Enhanced 500 Plus	33,366	160,417	—

Distributions from net investment income and short-term capital gains are treated as ordinary income for federal income tax purposes.

As of September 30, 2024, the components of distributable earnings on a tax basis were as follows:

	Capital Loss Carryforward	Undistributed Ordinary Income	Undistributed Long-Term Gain	Unrealized Appreciation/ (Depreciation)	Qualified Late-Year Losses
Absolute Return	\$ —	\$ —	\$121,844,820	\$144,550,655	\$(17,453,491)

Enhanced 500 Plus	—	15,047	492,098	1,024,475	—

The differences between the book and tax basis components of distributable earnings relate primarily to the timing and recognition of income and gains for federal income tax purposes. The temporary differences as of September 30, 2024, were primarily

attributed to wash sales, capital loss carryforward not yet utilized, deferral of loss on unsettled short sale transactions and amortization of organizational costs. Foreign currency and short-term capital gains are reported as ordinary income for federal income tax purposes.

As of March 31, 2025, the federal tax cost, aggregated gross unrealized appreciation and depreciation of securities held by the Funds were as follows:

* Because tax adjustments are calculated annually at the end of each Fund's fiscal year, the above table does not reflect tax adjustments for the current fiscal year. For the previous year's federal income tax information, please refer to the Notes to Financial Statements section in each Fund's most recent annual report.

Pursuant to federal income tax rules applicable to regulated investment companies, the Funds may elect to treat certain capital losses between November 1 and September 30 and late year ordinary losses ((i) ordinary losses between January 1 and September 30 or (ii) specified ordinary losses between November 1 and September 30) as occurring on the first day of the following tax year. For the year ended September 30, 2024, any amount of losses elected within the tax return will not be recognized for federal income tax purposes until October 1, 2024. For the year ended September 30, 2024, the Funds deferred to October 1, 2024 the following losses:

	<u>Late-Year Ordinary Losses Deferral</u>	<u>Short-Term Capital Loss Deferral</u>	<u>Long-Term Capital Loss Deferral</u>
Absolute Return	\$1,745,552	\$15,707,939	\$—

Accumulated capital losses represent net capital loss carryforwards as of September 30, 2024 that may be available to offset future realized capital gains and thereby reduce future capital gains distributions. The Funds are permitted to carry forward capital losses for an unlimited period. Capital losses that are carried forward will retain their character as either short-term or long-term capital losses. As of September 30, 2024, the following Funds had total capital loss carryforwards in the following amounts:

6. Restatement and Revision to Previously Issued Financial Statements

Subsequent to the issuance of the September 30, 2023 financial statements and March 31, 2024 semi-annual financial statements, management identified an error whereby interest expense incurred on collateral received from the OTC swap transaction counterparty was incorrectly netted against dividend income for each of the Absolute Return, Enhanced Return, Neutral, Index Plus, and Defensive Long 500 (collectively the "Impacted Funds") which resulted in an understatement of both dividend income and

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2025 (Unaudited)

expenses for both periods, but did not result in a change to net investment income/(loss), net assets or total investment return. The error also resulted in an understatement of the gross and net ratio of expenses to average net assets (collectively the “Expense Ratios”) for the year ended September 30, 2023 and the semi-annual period ended March 31, 2024.

The original filing of the September 30, 2024 financial statements disclosed the nature of the error and revised the impact to the September 30, 2023 Expense Ratios in the Financial Highlights for all Impacted Funds including disclosure of the change to the Expense Ratios.

In a restated filing of the September 30, 2024 financial statements, the impact of the error was determined to be material to Enhanced Return, Index Plus, and Defensive Long 500 (collectively the “Restated Funds”). As a result, management has designated the previously revised Expense Ratios as “restated” on the accompanying Financial Highlights of the Restated Funds for the year ended September 30, 2023. Additionally, the impact of the error was also determined to be material to the Restated Funds for the semi-annual period ended March 31, 2024. Although the Financial Highlights for the semi-annual period ended March 31, 2024 are not included herein, Management has included disclosure of the restated amounts below.

The following tables for the Restated Funds sets forth the previously reported and corrected information on each of the impacted financial statements as of September 30, 2023 and March 31, 2024. The Previously Reported column in the tables below represents the balances as originally reported for the year ended September 30, 2023 and the six months ended March 31, 2024.

Privacy Notice (Unaudited)

The privacy of your personal financial information is extremely important to us. When you open an account with us, we collect a significant amount of information from you in order to properly invest and administer your account. We take very seriously the obligation to keep that information private and confidential, and we want you to know how we protect that important information.

We collect nonpublic personal information about you from applications or other forms you complete and from your transactions with us or our affiliates. We do not disclose information about you, or our former clients, to our affiliates or to service providers or other third parties, except as permitted by law. We share only the information required to properly administer your accounts, which enables us to send transaction confirmations, monthly or quarterly statements, financials and tax forms. Even within the Fund and its affiliated entities, a limited number of people who actually service accounts will have access to your personal financial information. Further, we do not share information about our current or former clients with any outside marketing groups or sales entities.

To ensure the highest degree of security and confidentiality, the Fund and its affiliates maintain various physical, electronic and procedural safeguards to protect your personal information. We also apply special measures for authentication of information you request or submit to us on our web site www.gothamfunds.com.

If you have questions or comments about our privacy practices, please call us at (877) 974-6852.
