SEMI-ANNUAL REPORT

March 31, 2020

(Unaudited)

Important Information on Paperless Delivery

Beginning on January 1, 2021, paper copies of the Gotham Funds' annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the shareholder reports from the Gotham Funds or from your financial intermediary. Instead, annual and semi-annual shareholder reports will be available on the Gotham Funds' website (www.GothamFunds.com), and you will be notified by mail each time a report is posted and provided with a website link to access the report.

You may elect to receive all future annual and semi-annual shareholder reports in paper, free of charge. To elect to receive paper copies of shareholder reports through the mail or otherwise change your delivery method, contact your financial intermediary or, if you hold your shares directly through the Gotham Funds, call the Gotham Funds toll-free at 1 (877) 974-6852 or write to the Gotham Funds at Gotham Funds, FundVantage Trust, c/o BNY Mellon Investment Servicing, P.O. Box 9829, Providence, RI 02940-8029. Your election to receive shareholder reports in paper will apply to all Gotham Funds that you hold through the financial intermediary, or directly with the Gotham Funds.

This report is submitted for the general information of the shareholders of the Gotham Funds. It is not authorized for distribution unless preceded or accompanied by a current prospectus for the Gotham Funds.

GOTHAM FUNDS

Important Information

The performance data quoted in this report represents past performance and does not guarantee future results. The investment return and principal value of an investment in a Gotham Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher. Performance data current to the most recent month-end may be obtained by calling (877) 974-6852.

Each Gotham Fund covered by this report (each, a "Fund") compares its performance to an unmanaged index. An index does not reflect operational and transactional costs which apply to a mutual fund. It is not possible to invest directly in an index.

Mutual fund investing involves risks, including possible loss of principal. Each Fund except Gotham Enhanced S&P 500 Index Fund will short securities. Short sales theoretically involve unlimited loss potential since the market price of securities sold short may continuously increase. Each Fund except Gotham Enhanced S&P 500 Index Fund will also use of leverage to make additional investments which could result in greater losses than if a Fund were not leveraged. The Gotham Index Plus Fund utilizes one or more swap agreements in its investment program. The use of derivatives such as swaps exposes a Fund to additional risks including increased volatility, lack of liquidity and possible losses greater than the Fund's initial investment. Gotham Master Index Plus Fund will primarily engage in short sales, leverage and swaps through its investments in underlying funds. The securities issued by small-cap and mid-cap companies tend to be more volatile and less liquid than those of large-cap issuers. Each Fund may have a high turnover of its portfolio securities. High turnover rates generally result in higher brokerage costs to a Fund. There can be no guarantee that a Fund will achieve its objectives.

A prospective investor should consider the investment objectives, risks, charges and expenses of a Fund carefully before investing. The prospectus and summary prospectus contains this and other information about the Funds, and should be read carefully before investing. A copy of the prospectus or summary prospectus is available at www.GothamFunds.com or by calling (877) 974-6852.

Semi-Annual Report Performance Data March 31, 2020 (Unaudited)

Average Annual Total Returns for the Periods Ended March 31, 2020					
	Six Months*	1 Year	3 Year	5 Year	Since Inception
Institutional Class Shares	-15.98%	-12.34%	2.35%	5.95%	5.95%**
Investor Class Shares	-16.06%	-12.59%	N/A	N/A	-4.87%**
S&P 500® Total Return Index	-12.31%	-6.98%	5.10%	6.73%	6.73%***

* Not Annualized.

** Institutional Class shares and Investor Class shares of the Gotham Index Plus Fund (the "Fund") inception on March 31, 2015 and December 29, 2017, respectively.

*** Benchmark performance is from inception date of the Fund's Institutional Class shares only and is not the inception date of the benchmark itself.

Past performance does not guarantee future results. *The table does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or redemption of Fund shares; nor a 1.00% fee applied by the Fund's Institutional Class and Investor Class to the value of shares redeemed within 30 days of purchase.*

As stated in the current prospectus dated February 1, 2020, the "Total Annual Fund Operating Expenses" and the "Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements" are 1.20% and 1.15% for Institutional Class shares, respectively, and 1.45% and 1.40% for Investor Class shares, respectively, of the Fund's average daily net assets. These ratios may differ from the actual expense incurred by the Fund for the period covered by this report. Gotham Asset Management, LLC ("Gotham" or the "Adviser") has contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of the Fund to the extent necessary to ensure that the Fund's total operating expenses (exclusive of taxes, "Acquired Fund Fees and Expenses", dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions) do not exceed 1.15% with respect to Institutional Class shares (on an annual basis) and 1.40% with respect to Investor Class shares (on an annual basis), of average daily net assets of the Fund (the "Expense Limitation"). The Expense Limitation will remain in place until January 31, 2022, unless the Board of Trustees of FundVantage Trust (the "Trust") approves its earlier termination. The Adviser is entitled to recover, subject to approval by the Board of Trustees, such amounts reduced or reimbursed for a period of up to three (3) years from the date on which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual fund expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless the Fund's expenses are below the Expense Limitation.

The Fund intends to evaluate performance as compared to that of the Standard & Poor's 500® Total Return Index ("S&P 500® Total Return Index"). The S&P 500® Total Return Index is a market capitalization weighted index of 500 large-capitalization stocks commonly used to represent the U.S. equity market. Its returns reflect reinvested dividends.

The Fund intends to evaluate performance as compared to that of the Standard & Poor's 500® Total Return Index ("S&P 500® Total Return Index"). The S&P 500® Total Return Index is a market capitalization weighted index of 500 large-capitalization stocks commonly used to represent the U.S. equity market. Its returns reflect reinvested dividends.

The Fund normally allocates the majority of its assets among mutual funds advised by Gotham. Therefore, the Fund's shareholders will indirectly bear the Fund's proportionate share of fees and expenses of the underlying funds in addition to the Fund's own expenses. The Fund also is subject to the risks of the underlying funds, which may include any or all the risks described in Important Information.

GOTHAM FUNDS

Fund Expense Disclosure March 31, 2020 (Unaudited)

As a shareholder of a Fund, you incur two types of costs: (1) transaction costs, including redemption fees; and (2) ongoing costs, including management fees and other Fund expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in a Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

These examples are based on an investment of \$1,000 invested at the beginning of the six-month period from October 1, 2019, and held for the entire period through March 31, 2020.

Actual Expenses

The first line for each Fund in the accompanying table provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line for each Fund in the accompanying table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not your Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

Please note that the expenses shown in the accompanying table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as redemption fees. Therefore, the second line of the accompanying table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

	<u>Beginning Account Value</u> <u>October 1, 2019</u>	<u>Ending Account Value</u> <u>March 31, 2020</u>	<u>Annualized</u> <u>Expense Ratio*</u>	<u>Expenses Paid</u> <u>During Period**</u>

Hypothetical (5% return before expenses)	1,000.00	1,025.00	0.00%	—

* Annualized expense ratios include dividend expense on securities sold short and interest expense on securities sold short and borrowings, except for the Gotham S&P 500 Index Fund which does not short securities or use leverage.

** Expenses are equal to a Fund's annualized expense ratio, in the table above, which include waived fees or reimbursement expenses for the six-month period ended March 31, 2020, multiplied by the average account value over the period, multiplied by the number of days in the most recent period, then divided by 366 to reflect the period. Hypothetical expenses are equal to the Fund's annualized expense ratios, multiplied by the average account value over the period, multiplied by the number of days in the most recent six-month period, then divided by 366 to reflect the period.

GOTHAM INDEX PLUS FUND

Portfolio of Investments (Continued) March 31, 2020 (Unaudited)

Over-the-counter total return swaps outstanding as of March 31, 2020.

The Fund maintains a portfolio of long and short positions and receives/pays a rebate based upon the Fed Funds 1-Day Rate less a specified spread as negotiated by the parties. The notional gain or loss, dividends payable and rebates are payable the earlier of maturity of the swaps or upon termination. The portfolio matures on July 29, 2024, however underlying individual contracts are entered into and closed (terminated) on a daily basis. The cash amounts payable/receivable due to individual contracts being closed are settled, on a net basis, once a week. The value of total return swaps represents 6.2% of net assets.

The following table represents the individual long and short positions and related values of total return swaps as of March 31, 2020:

Total Return Swaps

Portfolio turnover rate	126% ⁽⁷⁾	253%	218%	204%	234%	94% ⁽⁷⁾

* Commencement of operations. Initial seed capital was issued at \$10.00 per share on March 31, 2015.

(1) The selected per share data was calculated using the average shares outstanding method for the period.

(2) Amount is less than \$0.005 per share.

(3) Total investment return is calculated assuming a purchase of shares on the first day and a sale of shares on the last day of each period reported and includes reinvestment of dividends and distributions, if any. Total returns for periods less than one year are not annualized.

(4) Expense ratio includes dividend and fees on securities sold short and fees on cash collateral. Excluding such dividend and fees on securities sold short and fees on cash collateral, the ratio of expenses to average net assets including waivers, reimbursement, and recoupments for the Fund's Institutional Class Shares would be 1.15%, 1.15%, 1.15%, 1.18% and 1.50% for the years ended September 30, 2019, 2018, 2017 and 2016 and the period ended September 30, 2015, respectively.

(5) Annualized.

(6) During the period, certain fees were reduced or expenses were recouped. If such fee reductions or recoupments had not occurred, the ratios would have been as shown (See Note 2).

(7) Not annualized.

The accompanying notes are an integral part of the financial statements.

GOTHAM FUNDS

Financial Highlights (Concluded)

Contained below is per share operating performance data for Institutional Class shares outstanding, total investment return, ratios to average net assets and other supplemental data for the respective period. The total returns in the table represent the rate that an investor would have earned or lost on an investment in a Fund (assuming reinvestment of all dividends and distributions). This information has been derived from information provided in the financial statements and should be read in conjunction with the financial statements and the notes thereto.

GOTHAM FUNDS

Notes to Financial Statements March 31, 2020 (Unaudited)

1. Organization and Significant Accounting Policies

The Gotham Index Plus Fund, the Gotham Index Plus All-Cap Fund, the Gotham Enhanced Index Plus Fund, the Gotham Enhanced 500 Plus Fund, the Gotham Enhanced S&P 500 Index Fund and the Gotham Master Index Plus Fund (each a “Fund” and together, the “Funds”) are each a diversified, open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The Funds are each a separate series of FundVantage Trust (the “Trust”) which was organized as a Delaware statutory trust on August 28, 2006. The Trust is a “series trust” authorized to issue an unlimited number of separate series or classes of shares of beneficial interest. Each series is treated as a separate entity for certain matters under the 1940 Act, and for other purposes, and a shareholder of one series is not deemed to be a shareholder of any other series. Each of the Funds, except for the Gotham Index Plus Fund, offers one class of shares, Institutional Class. The Gotham Index Plus Fund offers two classes of shares, Institutional Class and Investor Class. The Funds’ commencement of operations are as follows:

Gotham Index Plus Fund (“Index Plus”)	March 31, 2015
Gotham Index Plus All-Cap Fund (“Index Plus All-Cap”)	December 29, 2017
Gotham Enhanced Index Plus Fund (“Enhanced Index Plus”)	September 30, 2016
Gotham Enhanced 500 Plus Fund (“Enhanced 500 Plus”)	September 30, 2016
Gotham Enhanced S&P 500 Index Fund (“Enhanced S&P 500 Index”)	December 30, 2016
Gotham Master Index Plus Fund (“Master Index Plus”)	
(operates as a “Fund of Funds”)	April 28, 2017

All the Funds except for the Enhanced S&P 500 Index and Master Index Plus seek to achieve their investment objectives by primarily investing in long and short positions of U.S. equity securities. Equity securities include common and preferred stocks. Enhanced S&P 500 Index seeks to achieve its investment objective by generally investing at least 80% of its assets in U.S. equity securities listed in the S&P 500[®] Index. Master Index Plus seeks to achieve its investment objective by primarily investing in the other funds advised by Gotham.

The Funds are investment companies and follow accounting and reporting guidance in the Financial Accounting Standards Board *Accounting Standards Codification* Topic 946.

Portfolio Valuation — Each Fund’s net asset value (“NAV”) is calculated once daily at the close of regular trading hours on the New York Stock Exchange (“NYSE”) (typically 4:00 p.m. Eastern time) on each business day the NYSE is open. Each Fund’s equity securities, including exchange-traded funds, listed on any national or foreign exchange market system will be valued at the last sale price. Equity securities traded in the over-the-counter market are valued at their closing sale or official closing price. If there were no transactions on that day, securities traded principally on an exchange will be valued at the mean of the last bid and ask prices prior to the market close. Prices for equity securities normally are supplied by an independent pricing service approved by the Board of Trustees (the “Board”). Any assets held by a Fund that are denominated in foreign currencies are valued daily in U.S. dollars at the foreign currency exchange rates that are prevailing at the time that a Fund determines the daily NAV per share. Foreign securities may trade on weekends or other days when a Fund does not calculate NAV. As a result, the market value of these investments may change on days when you cannot buy or sell shares of a Fund. Certain Funds invest in securities of other investment companies, which are valued at their respective NAVs as determined by those investment companies each business day. Over the Counter investments (including swap agreements) are generally valued by approved pricing services that use evaluated prices from various observable market factors. Securities that do not have a readily available current market value are valued in good faith under the direction of the Board. The Board has adopted methods for valuing securities and other assets in circumstances where market quotes are not readily available and has delegated to Gotham Asset Management, LLC (“Gotham” or “the Adviser”) the responsibility for applying the valuation methods. In the event that market quotes are not readily available, and the security or asset cannot be valued pursuant to one of the valuation methods, the value of the security, asset or liability will be determined in good faith by the Adviser. The Trust has established a Valuation Committee which performs certain functions including the oversight of the Adviser’s fair valuation determinations.

Fair Value Measurements — The inputs and valuation techniques used to measure fair value of a Fund’s investments are summarized into three levels as described in the hierarchy below:

- Level 1 — quoted prices in active markets for identical securities;

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

- Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 — significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

All financial instruments listed in the Portfolio of Investments are considered Level 1, measured at fair value on a recurring basis based on quoted prices for identical assets in active markets except for total return swaps with end of period unrealized appreciation of \$91,892,993 held by Index Plus. These securities are considered Level 2 as of and for the period ended March 31, 2020

At the end of each quarter, management evaluates the classification of Levels 1, 2 and 3 assets and liabilities. Various factors are considered, such as changes in liquidity from the prior reporting period; whether or not a broker is willing to execute at the quoted price; the depth and consistency of prices from third party pricing services; and the existence of contemporaneous, observable trades in the market. Additionally, management evaluates the classification of Level 1 and Level 2 assets and liabilities on a quarterly basis for changes in listings or delistings on national exchanges.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of a Fund's investments may fluctuate from period to period. Additionally, the fair value of investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values the Funds may ultimately realize. Further, such investments may be subject to legal and other restrictions on resale or otherwise less liquid than publicly traded securities.

For fair valuations using significant unobservable inputs, U.S. generally accepted accounting principles ("U.S. GAAP") require the Funds to present a reconciliation of the beginning to ending balances for reported market values that presents changes attributable to total realized and unrealized gains or losses, purchase and sales, and transfers in and out of Level 3 during the period. A reconciliation of Level 3 investments is presented only when the Funds had an amount of Level 3 investments at the end of the reporting period that was meaningful in relation to its net assets. The amounts and reasons for all transfers in and out of Level 3 are disclosed when the Funds had an amount of transfers during the reporting period that was meaningful in relation to its net assets as of the end of the reporting period.

For the period ended March 31, 2020, there were no transfers in or out of Level 3 for the Funds.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates and those differences could be material.

Cash — Cash comprises U.S. Dollar and foreign currency deposits held at a custodian bank(s) which may exceed insured limits. The Funds are subject to risk to the extent that the institutions may be unable to fulfill their obligations.

Due to/from Brokers — Due to/from brokers represents cash balances on deposit with, or cash balances owed to, the Funds' prime brokers and counterparties. The Funds are subject to credit risk should the prime brokers and counterparties be unable to meet their obligations to the Funds.

Investment Transactions, Investment Income and Expenses — Investment transactions are recorded on trade date for financial statement preparation purposes. Realized gains and losses on investments sold are recorded on the identified cost basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Distribution (12b-1) fees and shareholder service fees relating to a specific class are charged directly to that class. The Fund records as dividend income the amount characterized as ordinary income and records as realized gain the amount characterized by a REIT as long-term capital gain in the Statement of Operations. The amount characterized as return of capital is a reduction to the cost of investments in the Statement of Assets and Liabilities if the security is still held; otherwise it is recorded as an adjustment to realized gain/(loss) from investment transactions in the Statement of Operations. These characterizations are reflected in the accompanying financial statements. General expenses of

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

the Trust are generally allocated to each Fund in proportion to its relative daily net assets. Expenses directly attributable to a particular Fund in the Trust are charged directly to that Fund.

Dividends and Distributions to Shareholders — Dividends from net investment income and distributions from net realized capital gains, if any, are declared, recorded on ex-date and paid at least annually to shareholders. Income dividends and capital gain distributions are determined in accordance with U.S. federal income tax regulations, which may differ from U.S. GAAP. These differences include the treatment of non-taxable dividends, expiring capital loss carryforwards and losses deferred due to wash sales and excise tax regulations. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications within the components of net assets.

U.S. Tax Status — No provision is made for U.S. income taxes as it is each Fund's intention to continue to qualify for and elect the tax treatment applicable to regulated investment companies under Subchapter M of the Code, as amended, and make the requisite distributions to its shareholders which will be sufficient to relieve it from U.S. income and excise taxes.

Other — In the normal course of business, the Funds may enter into contracts that provide general indemnifications. A Fund's maximum exposure under these arrangements is dependent on claims that may be made against the Fund in the future, and, therefore, cannot be estimated; however, based on experience, the risk of material loss for such claims is considered remote.

Market disruptions associated with the COVID-19 pandemic have had a global impact, and uncertainty exists as to its long-term implications. The COVID-19 pandemic could adversely affect the value and liquidity of the Funds' investments, impair the Funds' ability to satisfy redemption requests, and negatively impact the Funds' performance. In addition, the outbreak of COVID-19, and measures taken to mitigate its effects, could result in disruptions to the services provided to the Funds by its service providers. Fund management is continuing to monitor this development and evaluate its impact on the Funds.

Short Sales — All Funds except for Enhanced S&P 500 Index may sell securities short. A short sale involves the sale by a Fund of a security that it does not own with the anticipation of purchasing the same security at a later date at a lower price. If the price of the security has increased during this time, then the Fund will incur a loss equal to the increase in price from the time that the short sale was entered into plus any premiums and interest paid to the third party. Therefore, short sales involve the risk that losses may be exaggerated, potentially losing more money than the actual cost of the investment. Also, there is the risk that the third party to the short sale may fail to honor its contract terms, causing a loss to the Fund. There can be no assurance that a Fund will be able to close out a short position at any particular time or at an acceptable price. Although a Fund's gain is limited to the amount at which it sold a security short, its potential loss is unlimited. The Funds will comply with guidelines established by the Securities and Exchange Commission and other applicable regulatory bodies with respect to coverage of short sales. Effective August 13, 2019, Index Plus discontinued investing in short securities directly and may obtain short and long exposure through the use of swap agreements.

As of March 31, 2020, the following Funds had securities sold short, securities pledged as collateral and deposits with brokers for securities sold short:

	<u>Value of Securities Sold Short</u>	<u>Securities Pledged as Collateral</u>	<u>Deposits with Brokers for Securities Sold Short</u>
Index Plus All-Cap	\$1,417,229	\$5,565,222	\$38,292
Enhanced Index Plus	1,067,336	2,505,099	40,514
Enhanced 500 Plus	979,097	2,389,293	27,983

In accordance with the terms of its prime brokerage agreements, the Funds may receive rebate income or be charged fees on securities sold short. Such income or fee is calculated on a daily basis based upon the market value of securities sold short and a variable rate that is dependent upon the availability of such security. These amounts are included in dividends and fees on securities sold short on the Statement of Operations. On the ex-dividend date, dividends on short sales are recorded as an expense to the Fund. The following Funds had net charges as shown in the table below for the six months ended March 31, 2020:

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

	Dividends on Securities Sold Short	Rebate (Income)/Fees
Index Plus All-Cap	\$ 8,729	\$(8,212)
Enhanced Index Plus	6,824	(6,096)
Enhanced 500 Plus	13,226	(7,302)

The following Funds utilized short sales proceeds and incurred financing charges to finance purchases of long securities in order to accomplish the Funds' respective investment objectives. A financing fee is charged to the Funds based on the Federal Funds rate plus an agreed upon spread. These fees are included in dividends and fees on securities sold short on the Statement of Operations and are as follows for the six months ended March 31, 2020:

	Short Sales Proceeds	Financing Charges
Index Plus All-Cap	\$1,369,018	\$16,634
Enhanced Index Plus	1,021,879	12,593
Enhanced 500 Plus	973,746	11,282

Swap Agreements — A swap agreement is a bilateral financial instrument that involves the exchange of cash flows between two parties on specified dates (settlement dates), where the cash flows are based on valuation changes to market referenced securities. The nominal amount on which the cash flows are calculated is called the notional amount.

Swap agreements may increase or decrease the overall volatility of the investments of a Fund and its share price. The performance of swap agreements will be affected by a change in the market value of the referenced underlying securities that determine the amounts of payments due to and from a Fund. If a swap agreement calls for payments by a Fund, the Fund must be prepared to make such payments when due. In addition, if the counterparty's creditworthiness declined, the value of a swap agreement would be likely to decline, potentially resulting in losses.

Generally, swap agreements have a fixed maturity date that will be agreed upon by the parties. The agreement can be terminated before the maturity date, in whole or part, under certain circumstances, such as default by one of the parties or insolvency, among others, and can be transferred by a party only with the prior written consent of the other party. A Fund may be able to eliminate its exposure under a swap agreement either by assignment or by other disposition, or by entering into an offsetting swap agreement with the same party or a similarly creditworthy party. If the counterparty is unable to meet its obligations under the contract, declares bankruptcy, defaults or becomes insolvent, a Fund may not be able to recover the money it expected to receive under the swap agreement. A Fund will not enter into any swap agreement unless the Adviser believes that the counterparty to the transaction is creditworthy.

A swap agreement can be a form of leverage, which can magnify a Fund's gains or losses. In order to reduce the risk associated with leveraging, a Fund may cover its current obligations under swap agreements according to guidelines established by the SEC. If a Fund enters into a swap agreement on a net basis, it will segregate assets with a daily value at least equal to the excess, if any, of a Fund's accrued obligations under the swap agreement over the accrued amount a Fund is entitled to receive under the agreement. If a Fund enters into a swap agreement on other than a net basis, it will segregate assets with a value equal to the full amount of a Fund's accrued obligations under the swap agreement.

Total Return Swaps: Total return swaps are contracts in which both parties agree to make payments of the total return from a reference instrument during a specified period. The total return includes appreciation or depreciation on the underlying asset, plus any interest or dividend payments. The unrealized appreciation or depreciation also includes interest charges and credits ("financing fees") related to the notional values of the long and short positions and cash balances within the swap. These interest charges and credits are based on a specified benchmark rate, such as the U.S. effective federal funds rate ("EFFR"). Payments under the swap are based upon an agreed upon principal amount but, since the principal amount is not exchanged, it represents neither an asset nor a liability to either counterparty, and is referred to as notional. Total return swaps are marked to market daily using different sources, including quotations from counterparties, pricing services, brokers or market makers. The unrealized appreciation or depreciation related to the change in the valuation of the notional amount of the swap is combined with the amount due to or from the Fund at termination or settlement. The primary risks associated with total return swaps are credit risks (if the counterparty fails to meet its obligations)

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

and market risk (if there is no liquid market for the swap or unfavorable changes occur to the underlying reference instrument). As of and for the six months ended March 31, 2020, only Index Plus held total return swaps.

For the six months ended March 31, 2020, the quarterly average volume of the total return swaps was as follows:

	<u>Notional Amount</u>
Index Plus	\$(16,166,282)

Counterparty Risk — During the six months ended March 31, 2020, Index Plus was subject to counterparty risk. Certain of the derivatives entered into by the Fund may not be traded on an exchange but instead will be privately negotiated in the over-the-counter market. This means that these instruments are traded between counterparties based on contractual relationships. Relying on a counterparty exposes the Fund to the risk that a counterparty will not settle a transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not bona fide) or because of a credit or liquidity problem, thus causing the Fund to suffer a loss. If a counterparty defaults on its payment obligations to the Fund, this default will cause the value of an investment in the Fund to decrease. In addition, to the extent the Fund deals with a limited number of counterparties, it will be more susceptible to the credit risks associated with those counterparties. The Fund is neither restricted from dealing with any particular counterparty nor from concentrating any or all of its transactions with one counterparty. The ability of the Fund to transact business with any one or number of counterparties and the absence of a regulated market to facilitate settlement may increase the potential for losses by the Fund.

The Fund is subject to the risk that issuers of the instruments in which it invests and trades may default on their obligations, and that certain events may occur that have an immediate and significant adverse effect on the value of those instruments. There can be no assurance that an issuer will not default, or that an event that has an immediate and significant adverse effect on the value of an instrument will not occur, and that the Fund will not sustain a loss on a transaction as a result.

Liquidity Risk — During the period ended March 31, 2020, Index Plus was subject to liquidity risk. The Fund may be subject to liquidity risk primarily due to investments in derivatives. The Fund may invest up to 15% of its net assets in illiquid securities or instruments. Certain derivatives, such as swaps, forward contracts and options may not be readily marketable and, therefore, may be deemed to be illiquid. An asset is not readily marketable if it cannot be sold within seven business days in the ordinary course of business for approximately the amount at which it is valued. Investments in illiquid assets involve the risk that the Fund may be unable to sell the asset or sell it at a reasonable price. In addition, the Fund may be required to liquidate positions or close out derivatives on unfavorable terms at a time contrary to the interests of the Fund in order to raise cash to pay redemptions.

An investment in derivatives is also subject to the risk that the Fund may not be able to terminate the derivatives effective on whatever date it chooses, or that the settlement of any early termination may depend on subsequent market movements. As a result, the Fund may be exposed to the risk of additional losses due to such delays.

Master Netting Agreement — During the six months ended March 31, 2020, Index Plus was subject to a Master Netting agreement. In order to define its contractual rights and to secure rights that will help mitigate its counterparty risk, the Fund has entered into an International Swaps and Derivatives Association, Inc. Master Agreement (“ISDA Master Agreement”). An ISDA Master Agreement is a bilateral agreement between the Fund and a counterparty that governs certain OTC derivatives and typically contains, among other things, collateral posting terms and netting provisions in the event of a default and/or termination event. Under an ISDA Master Agreement, the Fund may, under certain circumstances, offset with the counterparty certain derivative financial instruments’ payables and/or receivables with collateral held and/or posted and create one single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of default including the bankruptcy or insolvency of the counterparty. Bankruptcy or insolvency laws of a particular jurisdiction may restrict or prohibit the right of offset in bankruptcy, insolvency or other events. In addition, certain ISDA Master Agreements allow counterparties to terminate derivative contracts prior to maturity in the event the Fund’s net assets decline by a stated percentage or the Fund fails to meet the terms of its ISDA Master Agreements. The result would cause the Fund to accelerate payment of any net liability owed to the counterparty.

Collateral Requirements — During the period ended March 31, 2020, Index Plus was subject to collateral requirements. For derivatives traded under an ISDA Master Agreement, the collateral requirements are typically calculated by netting the mark-to-market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by the Fund and the counterparty. Cash collateral that has been pledged to cover obligations of the Fund and cash collateral received from

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

the counterparty, if any, is reported separately on the Statement of Assets and Liabilities as cash pledged as collateral and cash received as collateral, respectively. Non-cash collateral pledged by the Fund, if any, is noted in the Schedule of Investments. Generally, the amount of collateral due from or to a counterparty is subject to a certain minimum transfer amount threshold before a transfer is required, which is determined at the close of business of the Fund. Any additional required collateral is delivered to/pledged by the Fund on the next business day. Typically, the counterparty is not permitted to sell, re-pledge or use cash and non-cash collateral it receives. A Fund generally agrees not to use non-cash collateral that it receives but may, absent default or certain other circumstances defined in the underlying ISDA Master Agreement, be permitted to use cash collateral received. In such cases, interest may be paid pursuant to the collateral arrangement with the counterparty. To the extent amounts due to the Fund from its counterparties are not fully collateralized, they bear the risk of loss from counterparty non-performance. Likewise, to the extent the Fund has delivered collateral to a counterparty and stands ready to perform under the terms of its agreement with such counterparty, it bears the risk of loss from a counterparty in the amount of the value of the collateral in the event the counterparty fails to return such collateral. Based on the terms of agreements, collateral may not be required for all derivative contracts. For financial reporting purposes, the Fund does not offset derivative assets and derivative liabilities that are subject to netting arrangements, if any, in the Statement of Assets and Liabilities.

	Gross Amounts of Recognized Assets	Collateral Pledged*	Cash Collateral Received
Index Plus	\$91,892,993	\$(91,892,993)	\$60,000,000

* Amount disclosed is limited to the amount of assets presented in each Statement of Assets and Liabilities. Actual collateral pledged may be more than the amount shown.

2. Transactions with Related Parties and Other Service Providers

Gotham Asset Management, LLC (“Gotham” or the “Adviser”) serves as investment adviser to the Funds pursuant to an investment advisory agreement with the Trust (the “Advisory Agreement”). For its services as the investment adviser, each Fund pays the Adviser a fee, which is computed and accrued daily and paid monthly, at an annual rate based on average daily net assets of each Fund as shown in the table below:

Index Plus	1.00%
Index Plus All-Cap	1.00%
Enhanced Index Plus	1.00%
Enhanced 500 Plus	1.00%
Enhanced S&P 500 Index	0.50%
Master Index Plus ⁽¹⁾	—%

⁽¹⁾ For Master Index Plus, Gotham is not entitled to receive an investment advisory fee on assets invested in mutual funds advised by Gotham (each an “underlying fund” and collectively, the “underlying funds”), but is entitled to receive an investment advisory fee of 0.75% of Master Index Plus’ average net assets invested in investments other than an underlying fund. Gotham does not receive an investment advisory fee from the Fund on assets invested in an underlying fund, but does receive an investment advisory fee from each underlying fund as investment adviser to such funds. Master Index Plus does not currently expect to invest in assets other than underlying funds.

The Adviser contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of each Fund to the extent necessary to ensure that the Fund’s total operating expenses (exclusive of taxes, “Acquired Fund Fees and Expenses,” dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions and for Master Index Plus, exclusive of management fees, if any), do not exceed the percentages set forth in the table below (on an annual basis) of each Fund’s average daily net assets (the “Expense Limitation”). The Expense Limitation will remain in place until the termination date set forth below, unless the Board approves its earlier termination. The table below reflects the Expense Limitation amounts, as a percentage of average daily net assets, in effect during the six months ended March 31, 2020.

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

	<u>Institutional Class</u>	<u>Investor Class</u>	<u>Termination Date</u>

Enhanced Index Plus	16,738	(66,839)	(50,101)
Enhanced 500 Plus	14,368	(38,798)	(24,430)
Enhanced S&P 500 Index	18,759	(57,512)	(38,753)
Master Index Plus	—	(53,965)	(53,965)

For all Funds, except for Enhanced S&P 500 Index, the Adviser is entitled to recover, subject to approval by the Board, such amounts reduced or reimbursed for a period of up to three (3) years from the date on which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual Fund expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless a Fund's expenses are below the Expense Limitation amount. As of March 31, 2020, the amounts of potential reimbursement from the Funds to the Adviser are as follows:

	<u>Expiration 09/30/2020</u>	<u>Expiration 09/30/2021</u>	<u>Expiration 09/30/2022</u>	<u>Expiration 03/31/2023</u>

Other Service Providers

The Bank of New York Mellon ("BNY Mellon") serves as administrator and custodian for the Funds. For providing administrative and accounting services, BNY Mellon is entitled to receive a monthly fee equal to an annual percentage rate of the Funds' average daily net assets and is subject to certain minimum monthly fees. For providing certain custodial services, BNY Mellon is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

BNY Mellon Investment Servicing (US) Inc. (the "Transfer Agent") provides transfer agent services to the Funds. The Transfer Agent is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

The Trust, on behalf of the Funds, has entered into agreements with financial intermediaries to provide recordkeeping, processing, shareholder communications and other services to customers of the intermediaries investing in the Funds and have agreed to compensate

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

the intermediaries for providing those services. The fees incurred by the Funds for these services are included in transfer agent fees in the Statement of Operations.

Pershing LLC provides prime brokerage services to the Funds under an Agreement for Prime Brokerage Services. Pershing LLC is a wholly owned subsidiary of The Bank of New York Mellon Corporation.

Foreside Funds Distributors LLC (the "Underwriter") provides principal underwriting services to the Funds pursuant to an underwriting agreement between the Trust and the Underwriter.

The Trust has adopted a distribution plan for Investor Class shares of Index Plus, in accordance with Rule 12b-1 under the 1940 Act. Pursuant to the Investor Class shares plan, Index Plus compensates the Underwriter for direct and indirect costs and expenses incurred in connection with advertising, marketing and other distribution services in an amount not to exceed 0.25%, on an annualized basis of the Investor Class shares of Index Plus' average daily net assets.

Trustees and Officers

The Trust is governed by its Board of Trustees. The Trustees receive compensation in the form of an annual retainer and per meeting fees for their services to the Trust. An employee of BNY Mellon serves as the Secretary of the Trust and is not compensated by the Funds or the Trust.

JW Fund Management LLC ("JWFM") provides a Principal Executive Officer and Principal Financial Officer, respectively, to the Trust. Duff & Phelps, LLC ("D&P") provides the Trust with a Chief Compliance Officer and an Anti-Money Laundering Officer. JWFM and D&P are compensated for their services provided to the Trust.

Investment in Affiliated Funds

The following table lists each issuer owned by Master Index Plus that may be deemed an "affiliated company" under the 1940 Act, as well as transactions that occurred in the security of such issuers during the six months ended March 31, 2020:

Master Index Plus								
Name of Issuer	Value at 9/30/19	Purchase Cost	Dividend Income	Sales Proceeds	Net Realized Gain/ (Loss)	Change in Unrealized Appreciation/ (Depreciation)	Value at 3/31/20	Shares Held at 3/31/20
Enhanced Index Plus	\$332,028	\$23,427	\$3,281	\$(36,235)	\$(1,240)	\$(71,928)	\$246,052	25,288

* There is a 1.00% redemption fee that may be charged on shares redeemed within 30 days of purchase. The redemption fees are retained by each Fund for the benefit of the remaining shareholders and recorded as paid-in-capital.

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

Significant Shareholders

As of March 31, 2020, the below Funds had shareholders that held 10% or more of the outstanding shares of the respective Fund. Transactions by these shareholders may have a material impact on the Fund.

Index Plus All-Cap	
Affiliated Fund	12%
Affiliated Shareholders	44%
Non-affiliated Shareholders	44%
Enhanced Index Plus	
Non-affiliated Shareholders	87%
Enhanced 500 Plus	
Non-affiliated Shareholders	98%
Enhanced S&P 500 Index	
Non-affiliated Shareholders	39%
Master Index Plus	
Non-affiliated Shareholders	100%

5. Securities Lending

All Funds, except for Enhanced S&P 500 Index, may lend securities to financial institutions, such as broker-dealers, and are required to be secured continuously by collateral in cash, cash equivalents, letter of credit or U.S. Government securities maintained on a current basis at an amount at least equal to the market value of the securities loaned. Cash collateral received, pursuant to investment guidelines established by the Funds and approved by the Board, is invested in short-term investments and/or securities consistent with the Fund's investment objective. Securities purchased with cash collateral are included in market value of securities designated as collateral for securities on loan on the Statements of Assets and Liabilities. All such investments are made at the risk of the Funds and, as such, the Funds are liable for investment losses. The Funds pay a fee on the cash collateral received by the Funds at a rate equal to the Federal Funds (Open) rate plus 40 basis points with respect to the cash collateral received on those securities on loan that have a rebate that equals or exceeds the greater of either the Federal Funds (Open) rate minus 10 basis points or zero. These fees are included in the fees on cash collateral on the Statements of Operations. Such loans would involve risks of delay in receiving additional collateral in the event the value of the collateral decreased below the value of the securities loaned or of delay in recovering the securities loaned or even loss of rights in the collateral should the borrower of the securities fail financially. However, loans will be made only to borrowers deemed by the Adviser to be of good standing and only when, in the Adviser's judgment, the income to be earned from the loans justifies the attendant risks. Any loans of a Fund's securities will be fully collateralized and marked to market daily. When the collateral falls below specified amounts, the lending agent will use its best effort to obtain additional collateral on the next business day to meet required amounts under the security lending agreement. During the six months ended March 31, 2020, the Funds listed below each had securities lending programs. The market value of securities on loan and cash collateral received as of March 31, 2020 and the income generated from the programs during the six months ended March 31, 2020, with respect to such loans are as follows:

	Market Value of Securities Loaned	Cash Collateral Received	Market Value of Non-cash Collateral	Income Received from Securities Lending
Enhanced Index Plus	\$105,803	\$14,352	\$96,355	\$601
Enhanced 500 Plus	41,281	1,040	42,309	34

Securities lending transactions are entered into by the Funds under a Master Securities Lending Agreement ("MSLA") which permits the Funds, under certain circumstances including an event of default (such as bankruptcy or insolvency), to offset amounts payable by the Funds to the same counterparty against amounts to be received from that counterparty and create one single net payment due to or from the Funds. The following table is a summary of each of the Fund's open securities lending transactions which are subject to a MSLA as of March 31, 2020:

GOTHAM FUNDS

Notes to Financial Statements (Continued) March 31, 2020 (Unaudited)

	<u>Gross Amounts of Recognized Assets</u>	<u>Gross Amounts Offset in the Statement of Assets and Liabilities</u>	<u>Net Amounts of Assets Presented in the Statement of Assets and Liabilities</u>	<u>Financial Instruments</u>	<u>Cash and Non-Cash Collateral Received*</u>	<u>Net Amount**</u>
Enhanced Index Plus . . .	\$105,803	—	\$105,803	—	\$(105,803)	—
Enhanced 500 Plus	44,281	—	44,281	—	(44,281)	—

Gross Amount Not Offset in the
Statement of Assets and Liabilities

* Amount disclosed is limited to the amount of assets presented in each Statement of Assets and Liabilities. Actual collateral received may be more than the amount shown.

** Net amount represents the net receivable from the counterparty in the event of a default.

6. Federal Tax Information

The Funds have followed the authoritative guidance on accounting for and disclosure of uncertainty in tax positions, which requires the Funds to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The Funds had determined that there was no effect on the financial statements from following this authoritative guidance. In the normal course of business, the Funds are subject to examination by federal, state and local jurisdictions, where applicable, for tax years for which applicable statutes of limitations have not expired.

The tax character of distributions paid by the Funds during the year ended September 30, 2019 were as follows:

	<u>Ordinary Income Dividend</u>	<u>Long-Term Capital Gain Dividend</u>	<u>Return of Capital</u>
Index Plus	\$2,617,482	\$10,699,747	\$—
Index Plus All-Cap	9,588	—	—
Enhanced Index Plus	25,137	438,187	—
Enhanced 500 Plus	25,689	447,996	—
Enhanced S&P 500 Index	102,992	413,397	—
Master Index Plus	132,909	12,329	—

Distributions from net investment income and short-term capital gains are treated as ordinary income for federal income tax purposes.

As of September 30, 2019, the components of distributable earnings on a tax basis were as follows:

	<u>Capital Loss Carryforward</u>	<u>Undistributed Ordinary Income</u>	<u>Undistributed Long-Term Gain</u>	<u>Unrealized Appreciation/ (Depreciation)</u>	<u>Qualified Late-Year Losses</u>	<u>Other Temporary Differences</u>
Index Plus	\$(27,122,533)	\$9,432,187	\$ —	\$87,208,518	\$—	\$(3,816,059)
Index Plus All Cap.	(118,844)	21,067	—	314,963	—	(13,794)
Enhanced Index Plus	—	27,165	142,077	392,613	—	—
Enhanced 500 Plus	—	26,316	191,402	209,700	—	—
Enhanced S&P 500 Index	—	71,365	135,137	346,629	—	—
Master Index Plus	—	140	78,313	67,703	—	—

The differences between the book and tax basis components of distributable earnings relate primarily to the timing and recognition of income and gains for federal income tax purposes. The temporary differences as of September 30, 2019 were primarily attributed to deferral of loss on unsettled trades, wash sales on unsettled short sales, wash sales, straddle losses outstanding, realized gain/loss

GOTHAM FUNDS

Notes to Financial Statements (Concluded) March 31, 2020 (Unaudited)

on unsettled swap agreements, deferred interest expense and capital loss carryforwards not yet utilized. Foreign currency and short-term capital gains are reported as ordinary income for federal income tax purposes.

As of March 31, 2020, the federal tax cost, aggregate gross unrealized appreciation and depreciation of securities held by the Funds were as follows:

	<u>Federal Tax Cost*</u>	<u>Unrealized Appreciation</u>	<u>Unrealized (Depreciation)</u>	<u>Net Unrealized Appreciation/ (Depreciation)</u>
Index Plus	\$415,580,473	\$105,973,784	\$(54,632,646)	\$51,341,138
Index Plus All-Cap	3,845,075	690,912	(708,849)	(17,937)
Enhanced Index Plus	4,101,863	472,918	(600,711)	(127,793)
Enhanced 500 Plus.	3,589,307	299,978	(483,703)	(183,725)
Enhanced S&P 500 Index.	6,808,700	291,083	(877,125)	(586,042)
Master Index Plus	1,149,109	—	(164,925)	(164,925)

* Because tax adjustments are calculated annually at the end of a Fund's fiscal year, the above table does not reflect tax adjustments for the current fiscal year. For the previous year's federal income tax information, please refer to the Notes to Financial Statements section in such Fund's most recent annual report.

Pursuant to federal income tax rules applicable to regulated investment companies, the Funds may elect to treat certain capital losses between November 1 and September 30 and late year ordinary losses ((i) ordinary losses between January 1 and September 30 or (ii) specified ordinary and currency losses between November 1 and September 30) as occurring on the first day of the following tax year. For the year ended September 30, 2019, any amount of losses elected within the tax return will not be recognized for federal income tax purposes until October 1, 2019. For the year ended September 30, 2019, the Funds had no deferred losses.

Accumulated capital losses represent net capital loss carryforwards as of September 30, 2019 that may be available to offset future realized capital gains and thereby reduce future capital gains distributions. The Funds are permitted to carry forward capital losses for an unlimited period. Capital losses that are carried forward will retain their character as either short-term or long-term capital losses. As of September 30, 2019, the following Funds had long-term and short-term capital loss carryforwards in the following amounts:

	<u>Capital Losses Carryforwards</u>
Index Plus	\$27,122,533
Index Plus All-Cap	118,844

7. Subsequent Events

Management has evaluated the impact of all subsequent events on the Funds through the date the financial statements were available to be issued, and has determined that there were the following subsequent events:

In a supplement dated May 4, 2020 to the Fund's Prospectus and Statement of Additional Information dated February 1, 2020, Enhanced S&P 500 Index's Expense Limitation termination date has been extended to January 31, 2023, effective April 22, 2020.

On May 22, 2020, the Board approved a plan to liquidate and terminate Index Plus All-Cap, Enhanced Index Plus and Master Index Plus, which are expected to occur on or about May 28, 2020, June 12, 2020 and May 28, 2020, respectively.

GOTHAM FUNDS

Other Information (Unaudited)

Proxy Voting

Policies and procedures that the Funds use to determine how to vote proxies relating to portfolio securities as well as information regarding how a Fund voted proxies relating to portfolio securities for the most recent 12-month period ended June 30 are available without charge, upon request, by calling (877) 974-6852 and on the Securities and Exchange Commission's ("SEC") website at <http://www.sec.gov>.

Quarterly Portfolio Schedules

The Trust files its complete schedule of portfolio holdings with the SEC for the first and third fiscal quarters of each fiscal year (quarters ended December 31 and June 30) as an exhibit to their reports on Form N-PORT. The Trust's portfolio holdings on Form N-PORT are available on the SEC's website at <http://www.sec.gov>.

GOTHAM FUNDS

Statement Regarding Liquidity Risk Management Program (Unaudited)

On October 16, 2016, the Securities and Exchange Commission adopted Rule 22e-4 under the Investment Company Act of 1940, as amended (the "Liquidity Rule") to promote effective liquidity risk management throughout the open-end investment company industry, thereby reducing the risk that funds will be unable to meet their redemption obligations and mitigating dilution of the interests of fund shareholders.

The Board of Trustees (the "Board") of FundVantage Trust, on behalf of the Gotham Funds (each a "Fund" and, collectively, the "Funds"), met on December 9-10, 2019 (the "Meeting") to review the liquidity risk management program (the "Program") applicable to the Funds, pursuant to the Liquidity Rule. The Board has appointed a committee of individuals to serve as the program administrator for the Funds' Program (the "Program Committee"). At the Meeting, the Program Committee provided the Board with a report that addressed the operation of the Program and assessed its adequacy and effectiveness of implementation and any material changes to the Program as of September 30, 2019 (the "Report").

The Report described the Program's liquidity classification methodology. It also described the Program Committee's methodology in determining whether a Highly Liquid Investment Minimum (a "HLIM") is necessary and noted that, given the composition of each Fund's portfolio holdings, a HLIM was not currently required for any of the Funds.

The Report noted that the Program complied with the key factors for consideration under the Liquidity Rule for assessing, managing and periodically reviewing liquidity risk, as follows:

A. Each Fund's investment strategy and liquidity of Fund investments during both normal and reasonably foreseeable stressed conditions: As part of the Report, the Program Committee reviewed each Fund's strategy and its determination that the strategy remains appropriate for an open-end fund structure. This determination was based on each Fund's holdings of Highly Liquid Investments, the diversification of holdings and the related average position size of the holdings.

B. Short-term and long-term cash flow projections during both normal and reasonably foreseeable stressed conditions: As part of the Report, the Program Committee reviewed historical net redemption activity and noted that it used this information as a component to establish each Fund's reasonably anticipated trading size. Each Fund has adopted an in-kind redemption policy which may be utilized to meet larger redemption requests. The Program Committee also took into consideration each Fund's shareholder ownership concentration and the fact that the shares of certain Funds are offered through intermediaries. The intermediary agreements increase the likelihood of large unanticipated redemptions, meaning a Fund may not have the ability to conduct an orderly sale of portfolio securities. The amount of assets a Fund has on these platforms is a significant factor in the ability of the Fund to meet redemption expectations. In light of each Fund's holdings, it was noted that each Fund maintains a high level of liquidity to meet shareholder redemptions under both normal and stressed market conditions.

C. Holdings of cash and cash equivalents, as well as borrowing arrangements: As part of the Report, the Program Committee reviewed any changes in each Fund's cash and cash equivalents positions in response to current/anticipated redemption activity or market conditions. It was noted that the Funds do not currently have a borrowing or other credit funding arrangement.
